Dominion Day Celebration is Enjoyable Event

Vulcan Lodge No. 121, B.P.O.E. undertook the responsibility of putting on a Dominion Day celebration this year and has the satisfaction of knowing that the effort was crowned with success. Two days of fun and frolic were provided, concluding each evening with a carnival in the rink. Tuesday evening an interrupted electric light service and a rain storm, had a bad effect on the attendance but did not spoil the fun for those who were present.

Monday was "Kiddies' Day" and the following events were carried out:

Races
Girls, 5 to 8 years—L. Bateman, L. Clarkson, E. Dobson.
Boys, 5 to 8 years—W. McCarthy, E. Matlock, W. Lucas.
Girls, 8 to 12 years—Ulrich, E. Peterson, Griffin.
Boys, 8 to 12 years—Nelson, McCarthy, Girdling.
Girls, 12 to 14 years—R. Peterson, H. Simms, L. Hetherington.

Boys, 12 to 14 years—A. Marshall, Nelson, Loiselle.
Running Broad Jump—A. Marshall 12-11; Eamor, 12-5; Parslow, 12-2.
Bicycle Relay Race—A. Marshall, Nelson.
Bicycle Race, under 12—Matlock, Peterson, Arney.
Sack Race—Dewar, Ulrich, Picken.
Three-Legged Race—Marshall, Ulrich, Beningsen; Loiselle, Ottewill, Briede.

The baseball game, Lomond vs. Vulcan, was very one-sided, Vulcan winning out by 20-1.
Bob Craig was the lucky winner of the tricycle.

On the second day (Tuesday) the parade was an outstanding feature and was a credit to this town and its merchants. Prizes were awarded as follows:

Machine Companies—First, S. Wegh; Second, H. B. Ulrich.
Decorated Bicycles—First, Betty Ulrich; Second, Winnie Flood; Third, Mary C. Arney.

Floats—First, Central Meat Market; Second, North Star Oil Co., W. J. Saunders.

Decorated Cars—First, Army Motors; Second, Pyramid Motors; Third, Canadian Legion.

Clowns—First, J. Flynn; Second, G. H. Wycheley and E. Thurlow; Third, Dog Catcher (C. Clark and R. Fetherston).

Special—First, "Mis Canada," (V. ola Caspell); Second, "Bride Party" (Miss Rhoda Scobbie was bride).

A report of the Arrowwood-Nanton ball game is given hereunder:

The baseball fans of Vulcan were given a real treat in the baseball games on the first of July. Arrowwood and Nanton played the first game. This game was keenly contested, Arrowwood losing to Nanton in the last inning, the score being 2 to 1.

Vulcan played the winners of the first game and showed real ball all through winning by score of 6 to 1. Speer's pitching for Vulcan had the Nanton boys' number all the way through and they could not connect with safety. The Vulcan boys gave Speer's wonderful support. Features of the game were Speers and Ferguson. Nothing could get by little Duke.

Winners of horse races as follows: Matched Trotting Race—L. Spankie.

Free-for-All—First, Mrs. Moran; Second, Mrs. Moran; Third, Morrison.

Pony Race—Mrs. Moran; Morrison. Relay Race—Morrison, Willard.

Vulcan citizens' band provided excellent music each day and aeroplane stunts created much interest. Dancing to the accompaniment of Len Davis' orchestra was greatly enjoyed and this will be continued today (Wednesday) as will also be the carnival.

The Atwater-Kent radio set was won by Mr. Jacob Eamor, Vulcan.

Vulcan Public School List of Promotions

Promoted to Grade II—Leta Robison 92; Margaret Fox 88.8; Ivan Todd, 88.2; Evelyn Wycheley 87; Muriel McIvor and Ralph Clark 86; Stanley Kettleton 85; Edward Stuck 84; Ruth Wismer 83; Tommy Bendison 81.5; Kenneth Ferguson 81.2; Donald Johnston 80; Myrtle Dobson 79; Jack Wegh 78.5; Gladys Parson 78.2; Elizabeth Fredrickson 75; Dorothy Ish 74. Jimmy McIntyre and Cleo Williams—misses part of tests, but have been promoted on the years' work.

Promoted to Grade III—Rhule Clark 95; Willy White 94; Wilma Wismer, Agnes Fredrickson, Kathleen Craig and Arnold Fredrickson 93; Elizabeth Dobson 91; Betty Ottewill 90; Teddy Mellon 87; Geraldine Spanke, Donald Greene, Phyllis Menzinger 85; James Kettleton 84; Violet Stuckey, Stanley Caspell, Lillian Clarkson and Velma Dickenson 83; Billy Ish and Mary Parson 80; Kathleen Monkman, Norma Becker, Murray Fisher 79; John McKenzie 76; Clarence Brown 74; Lloyd Graham 72; Stanley Fletcher 70; Billy Lucas 65; Dorothy Stagg 65.

Promoted to Grade IV—Mary McClement 88.4; Jack Denbigh 84; Ardel Haga 81.6; Nora Collier 81.4; Elizabeth Fofonoff 81; Gladys Anderson 80.8; Marie Johnston and Manley Flynn 79.8; Avis Deal 79.6; Kenneth Elves 78; Ronald Marshall 77.6; Billy McCartney 77.2; Edith Linley 76.6; Helen Picken 75; Neil Almond 73.4; Norman Loiselle 73.4; Annie Fofonoff 71.8; Laura Eamor 70.8; Billy McKenzie 70; Joyce Ross 69; Victor Robson 66; Lyall Graham 65.4; Glen Fisher 62.6; Monju Baptiste promoted on year's work.

Promoted to Grade V—Jack Picken 90; Charles White 89.5; Hannah Clarkson 85; Helen Wright 84.5; Lenore McLaggan 84; Douglas Jamison 82.5; Rhoda Scobbie 82; Edith Carruthers 81; Margaret Ish 80; Maxine Mutz 79.7; Catherine Arney 79.5; Marjorie Lommatsch 79.3; Doreen Flynn and Ernest Robinson 79; Gordon Lungren 77.7; Fred Eafonoff 77.5; Billy Monkman 7.7; Verne Parson 74; Jeannette McQueen 71.3; Howard Spaeth 69.3; Francis Shaw 68; Gladys Brickbank and Lillian Ulrich 67; Gladys Robinson 66; Patricia Shaw 64; Stuart Campbell 62.5; Orville Roe 62; Wilma McKenzie 61.

Promoted to Grade VI from V—Ruth Peterson 92; Evelyn Peterson 91; Eileen Hill 90; Earl Carruthers 80; Oswald Wycheley 78; Katherine Griffin 71; William Morley 70.

Promoted to Grade VI from Vb—First six honors, 80 per cent. or over—Harold Briede, Harry Beningsen,

KIRKCALDY W.I.

A HAPPY RE-UNION

The Kirkcaldy Women's Institute met at the home of Mrs. A. J. Maisey on Thursday, June 26 for their regular social meeting. Meeting was opened by community singing. Twelve members and nine visitors were present. Mrs. H. F. Boose presided. After a short business session, Mrs. Mallory gave an excellent paper on music, which was enjoyed by all. We were then entertained by Miss Gladys Rhodes with violin selections. A musical contest by Mrs. Mallory, Mrs. Middleton, Mrs. Fox, and Miss Rhodes and Mrs. Patterson were the winners. Also a duet by Mrs. Clements and Mrs. Hagerman. A dainty lunch was served by the hostess. The next meeting will be held at the home of Mrs. A. W. Maisey on Thursday, July 10.

Junior Harback is spending his vacation at his home in Vulcan.

DEPARTING CITIZENS ARE ENTERTAINED

On Thursday evening, June 26th, members of the Eastern Star and their husbands met at the L.O.O.F. hall to bid farewell to Mr. and Mrs. Ross and Mrs. Holmes who are leaving shortly. At seven o'clock all sat down to a very excellent dinner presided over by the Worthy Matron, Mrs. G. McMann and Worthy Patron, Mr. E. Arney. Mrs. McMann presented tokens of esteem to Mr. and Mrs. Ross and Mrs. Holmes after which several spoke in terms of regret at losing the services of these valued members. Mrs. Ross having been the first Worthy Matron of the Chapter, and all joined in wishing them God speed and success in their new sphere of life.

KIRKCALDY NEWS

Miss Gertrude Roebuck was a visitor in Calgary for the week end.

Mr. and Mrs. Billie Saunders were visitors in Lethbridge on Tuesday.

Mrs. Pete Patterson and daughters Margaret and Agnes, Mrs. Rhodes and daughter Gladys of Champion, were visitors at the home of Mrs. G. C. Mallory on Thursday.

Miss Madeline Foster of Calgary, is visiting at the home of Miss Margaret Roebuck for a few weeks.

Mr. and Mrs. Tam Treadway and family of Crossfield and Miss Willes of Champion, were visitors at the home of Mr. and Mrs. Alfred Roebuck on Monday.

LOCAL ITEMS

Ray Blake of Brooks spent a couple of days with L. H. Jones in Vulcan.

E. Rutten is visiting with Mr. and Mrs. Recor for a few days.

L. Ferguson from Parkland is welcomed here by her many Vulcan friends this week.

Miss Gertrude Krause is home now on her holidays from college in Edmonton.

L. H. Jones and family motored to Calgary to spend the first on a picnic with their relatives.

Mr. and Mrs. Stanley Hemingway of Raymond are visitors in town this week.

Born to Mr. and Mrs. R. E. Peterson of Milo, at Mrs. E. Speer's private hospital, on June 25th, a daughter.

Mr. and Mrs. J. Dobbs of Taber, arrived in town at the week end to take over the Imperial hotel; accompanying them were Mr. and Mrs. J. Dobbs Jr., and Miss Margaret Dobbs who is en route to attend the summer school at the University in Edmonton.

Miss L. LaFontaine who has been visiting relatives at Rosebud is home again.

The local branch of the W.I. held a meeting at the home of Mrs. E. M. Benson, Wednesday June 25, a good attendance being present.

Mrs. Martin of Vulcan was over and organized a girls' club. Several of the young girls joined, Mrs. Carson being the leader.

Mr. Dick, minister of the United Church, will preach his last sermon in Lomond on Sunday. Mr. and Mrs. Dick will go east on account of Mr. Dick's health.

A great re-union took place in Vulcan last week end when our esteemed Boss met his long-lost brother, Tom had not seen Frank for thirty years and as Frank had been in the dry area for some considerable time and was on the point of drying up and blowing away, Tom came to the rescue and supplied the lubricant. At that Tom claims for Frank a great capacity, and although we would not go so far as to doubt Tom's word yet we would have to be shown. However outside of all the comedy, a very pleasant time was had and the meeting of Tom and his brother was very touching (emphasis Mr. Printer). Frank shows his good sense by coming back to Alberta, to start in business and we wish him all the success in the world. As for Tom he still pursues the even tenor of his way. Nuff sed!

VULCAN CITIZENS BAND PRESENTS FINE PROGRAM

Sunday evening Vulcan Citizens' Band presented a really fine program in the Vulcan theatre after the close of the church services. Mayor Butchart presided in his usual efficient manner, and the house was filled with an appreciative audience.

Following is the program: March, Town Boosters, Vulcan Citizens' Band; vocal solo, selected, Miss Hartwig; contest number, Novelty Overture, Band; vocal solo, Mr. Weale; reading, Miss Marion Lebeau; selection, Len Davis' Arcadians; overture, Bohemian Girl, Band; vocal solo, selected, Miss Hartwig; March, Band; reading, Miss Lebeau; hymn, "Abide With Me," Band and audience.

ENSIGN NEWS

Mr. Dave Smith left Ensign on Saturday by automobile to visit his parents in Saskatchewan.

Mrs. E. A. Elston who has been in the Vulcan Municipal Hospital for the past week is progressing favorably.

Mr. and Mrs. H. S. Parker motored to Calgary on Saturday to meet their daughter, Mrs. D. P. Shidler and her son, Donald of Chicago, Ill.

Regular church service will be held in Ensign on Sunday, July 6, Rev. Farquhar minister. Sunday school 2:30; church 3 p.m.

Claude Bourque is back to Ensign after going to school at the Pincher Creek convent for the past year. We are glad to hear that he won the prize for the highest average in his grade.

On Friday last week, Mr. and Mrs. Ferguson, Elizabeth and Lackie Brimms, and Mrs. Tolman motored to Claresholm to visit at the home of Mr. and Mrs. Laxton. While there, Mr. Ferguson attended the U. F. A. convention.

BASEBALL

Wednesday, June 25th a baseball tournament was held at Stavelly between Stavelly, Vulcan and Champion. Stavelly and Champion played the first game, winning score 4 to 1.

Vulcan and Stavelly played the second game, Stavelly winning by score of 7 to 4.

Siler was going good for Champion Speers was on the mound for Vulcan, and Slim Haynes went both games for Stavelly. Very good ball was played all the way through to a good crowd.

The best argument for a big old-fashioned kitchen is half a dozen ten-year-olds in a nine by ten kitchenette, on a rainy day, pulling taffy.

Oddfellows and Rebekahs Hold Memorial Service

Addresses were given by Rev. J. N. Branton and Rev. Roy Isaacson and after the singing of "Abide With Me" benediction was pronounced and a procession was formed and wended its way to the cemetery where an impressive service was held in memory of many dear ones who had "crossed the bar." Here the proceedings were opened with prayer by the Chaplain of Samaritan Lodge, L.O.O.F., and Clover Leaf Rebekah Lodge whose members assembled in the L.O.O.F. hall at two o'clock and from thence marched to the United Church. The service was opened by the singing of Cardinal Newman's famous hymn, "Lead Kindly Light."

Prayer was offered by Rev. D. F. Kemp.

Three solos were rendered which had a solemn and inspiring effect up on the occasion: "Crossing the Bar," by Mrs. A. E. White; "The Lost Chord," by Mr. W. E. Roebuck; and "One Fleeting Hour," by Miss Hartwig.

Addresses were given by Rev. J. N. Branton and Rev. Roy Isaacson and after the singing of "Abide With Me" benediction was pronounced and a procession was formed and wended its way to the cemetery where an impressive service was held in memory of many dear ones who had "crossed the bar." Here the proceedings were opened with prayer by the Chaplain of Samaritan Lodge, L.O.O.F., and Clover Leaf Rebekah Lodge whose members assembled in the L.O.O.F. hall at two o'clock and from thence marched to the United Church. The service was opened by the singing of Cardinal Newman's famous hymn, "Lead Kindly Light."

MUST FINISH CATTLE

Now that the U.S. market will be more or less closed to Canadian cattle, the problem of finishing feeders at home, and of marketing them in home channels, is uppermost in stock men's mind. Western farm magazines are devoting much space to the best methods of feeding.

Keeping the feed better than the livestock," is advice often given. The grinding of feed and using this ration as a mixture is suggested as a safe general rule to follow.

Some of the advantages of this grinding and mixing of feed for cattle are: the reduction of waste, increased palatability of roughage, and the possibility of mixing a complete balanced ration.

It has been found that the most profitable method of fattening hogs also, this class of stock responding well to ground oats and ground barley.

MORE HEN—MORE EGG

The larger the hen the better the eggs she lays and the more there are of them. Poultry experts of the Dominion Department of Agriculture find that body weight has a very direct relation to egg production. A three pound hen will average 137.9 eggs a year, weighing 23 ounces to the dozen. With each quarter pound increase in weight there is an increase in the number of eggs laid and their weight per dozen—a four and a half pound hen will lay an average of 206.6 eggs a year weighing 24.5 ounces to the dozen. This item should be of particular interest to farmers keeping poultry flocks.

IS EXPANDING

Just at a time when we are being told that industry in Canada has no chance to expand, the industrial committee of the Vancouver Board of Trade comes along and tells us that 11 new factories have been established in that city in the past three months and eight more establishments have extended their plants. 100 new industries were established there in the last 18 months, while 53 established factories have added \$10,000,000 in extensions in the same period. There are now 1600 factories in the city employing 30,000 persons as against 13,334 employed in 501 plants in 1905. Someone please page the Tory campaign speakers.—Lethbridge Herald.

CANADA IS LARGE

Canada contains one-third of area of British Empire.
Canada extends over 20 degrees of latitude from Rome to North Pole.
Canada is as large as 30 United Kingdoms.
Canada is as large as 18 Germanys.
Canada is as large as 53 Italys.
Canada is larger than Australia and twice the size of British India.

Canada has a boundary line of 3,000 miles between the United States.
Canada's sea coast equals half the earth's circumference.

Canada is 3,500 miles wide and 1,400 from north to south.

During the past five months of 1930, there have been 188,900 fewer hogs slaughtered in Canada than for the same period a year ago.

PAGE ON CANADA

Early Immigration in Eastern Canada, Laid Foundation for Western Pioneers

Because the early settlers of Eastern Canada, have in later years, through their descendants supplied so much of the Anglo-Saxon stock of the prairie provinces, it may be of interest to record the waves of immigration, which came to Canada's shores in the eighteenth and nineteenth centuries.

The U. E. Loyalists marked the first definite colonizing schemes. Not in their wake were many other Americans, lured by offers of free land grants to the loyal British of the rebel American colonies. Many of these Americans were indeed British sympathizers, and contributed a sturdy stock. Many however, were merely opportunists seeking land, as was proved in the war of 1812, when the Americans recruited two regiments of volunteers from former American citizens who had taken land in Canada, and who then returned to U. S. to fight against Canada. The war of 1812 definitely stopped any migration from United States for several years.

Crucial situations in Britain however, turned the eyes of English, Scotch and Irish to the wild new land of Canada.

The Earl of Selkirk, moved by the distress of economic conditions in Scotland brought out twenty-five thousand Roman Catholic Highlanders. These settled in Cape Breton, and surrounding mainlands and in P.E.I. Many settled in the western part of Upper Canada (Ontario) and still others pursued their way to form the Selkirk settlement of Manitoba. Later colonies of Scots both Highland and Lowland, were settled throughout Upper Canada, and to this day form predominantly Scotch communities.

Hardly less numerous were the Irish who flocked to Canada. After the rebellion of 1798 in Ireland, many Irish sought sanctuary in Canada. In 1825 an Irish colony was founded at Peterboro. But the full tide of immigration occurred after the Irish famine of 1847, when thousands left for Canada, and although many of the vessels carrying them were plague stricken, the survivors formed Irish colonies near Montreal and in Ontario.

In those days there were various "Canada Land Companies." Settlement was always first along the lake shores. Consequently all along Lakes Erie, Ontario and Huron, colonies of strong sturdy pioneers were formed. Along the St. Lawrence and the Maritime population increased rapidly.

The Scottish and Irish tended to settle in blocks, but the English except for military settlements, were not so clannish. They settled here, there and everywhere. Many of the English military officers became the school masters of the settlements.

By 1850 the older parts of Eastern Canada were settled, and in 1851 the Grand Trunk railway was built from Quebec to Lake Huron. This was the greatest blessing with its network of short lines to different settlements. The roads were still corduroy and the waterways the favorite means of exit and entrance. But by Confederation in 1867, there were already linking lines of railways.

Devenish 4 in the Skiff field is encountering gas and is very promising. The first test well on the DeWinton site, to be financed by British capital will be commenced at once. One thousand acres of oil rights have been secured north east of DeWinton.

MUST COME TO IT

Eventually, as in Older Countries,
Livestock Will Have a Place on
Grain Farms

It may be possible to get by for a time with straight wheat farming, but it is getting tougher. There will be more tendency toward all-year-round farms as time goes on, just as it is in older countries.

On the average wheat farm, many sources of income are still unexplored. A few dairy cows, some hogs, some beef cattle or sheep can be carried. These will require a certain amount of fodder to be grown, a busy man in the winter season that has not been formerly on the wheat farm. But they will add to the farm income steadily and will relieve the worry that attends low wheat prices, and exclusive wheat farming.

This year the costs of farming in Southern Alberta have been greatly reduced. Farmers have saved on labor and managed successfully. They have watched the little leakages and have put in their crops efficiently and probably much more cheaply than previous years. But wheat still remains so low, that no big profit is likely to be reaped on wheat alone.

"Broken Dishes," Great Comedy, at Canadian Chautauqua

SCENE FROM "BROKEN DISHES"

"He who cannot laugh at the play had better see his physician," says the New York Sun of "Broken Dishes," the popular comedy which will be presented at the coming Canadian Chautauqua here by the Martin Erwin Players of Canada. "Broken Dishes" is replete with hilarious laughter, tense drama and vivid depiction of the very real sort of people we meet in our daily life. The play unfolds an appealing love story between Elaine, the baby of the family, and the village grocery boy, whom Ma treats with icy scorn. But Pa and Elaine conspire together with surprising and dramatic results. "Broken Dishes" is a gem of a play, genuinely moving and uproariously funny.

VULCAN

Lots of folks wonder how we can afford to carry such a large stock of repairs the year around. Well it is an expensive business, but we feel it our responsibility to furnish genuine I.H.C. repairs on short notice no matter when our customers need them. That's part of the farm machine service we offer you. Play safe; buy McCormick Deering machines — and buy them here.

The chap who thinks world owes him a living is nearly always a poor collector.

Bigamy is a form of insanity which makes a man insist on paying three board bills instead of one.

According to the latest and most worthy statistics the population of the world is 2,400,000,000.

A collector is a man whom few care to see but many ask to call again.

Alcohol is excellent for preserving almost everything except secrets.

Distinguished Musical Artists to Be Featured at Chautauqua

LOWELL PATTON ARTISTS

The Lowell Patton Artists bring to the coming Canadian Chautauqua here distinctive musical programs of notable interest. Lowell Patton, pianist, composer, interpreter of life and moods, holds an outstanding place in the concert field. His programs are so varied, artistic and unusual that they appeal not only to the genuine music-lover, but to the more popular-minded as well.

With Mr. Patton in his fine company are Vitali Podolsky, noted Russian violinist, and Esther Dunham, premier coloratura soprano.

CANADIAN FLOUR

Tests All Show That More Bread Can Be Got From Foreign Wheat if Canadian Wheat Used

Experiments have been conducted with Russian, Argentinian and other wheat flour in order to show how these compare in bread quality with Canadian flour. And the pleasing result of the experiments may give a decided impetus to the export movement of Canadian wheat.

It has been shown that more bread can be obtained from any wheat if mixed with Canadian; that as high as 43 per cent, is the increase in loaf volume, and that the more Canadian wheat used, the better the results.

This demonstrates the value of Canadian wheat as a factor in all bread making, and should appeal to foreign millers.

First the experiments were conducted using exclusively flour from Australia, Russia, France, Argentine Danube and Canada.

Next 20 per cent, of Canadian flour was added to the native flour; then a 35 per cent, increase, and then a 50 per cent, increase.

In every case the volume and quality of the loaf were improved with the addition of Canada No. 1, and the more added, the better the loaf.

DOWN AND UP CYCLE

Bad Times Come and Pass in Euratic Cycle

During the past 40 years there have been nine noteworthy business recessions, excluding those directly influenced by the World War, states a bulletin of D. S. Paterson & Co. Ltd. The average length of these was about twelve months, as shown in the table below:

Year	Length of Depression
Starting	
1893	15 months
1899	12 months
1905	13 months
1907	13 months
1909	8 months
1910	16 months
1919	12 months
1924	14 months
1927	9 months
1929	7 months

The current business depression began last Fall and has now run about 10 months. During June and July, business usually is subjected to a seasonable dullness, but after that a revival may materialize at any time.

In addition to the length of time that the current depression has run, there are other indications that an upturn to business is near at hand. First, the total supply of goods in the hands of manufacturers is at a relatively low level and will soon need replenishment. Second, commodity prices are now so low as to be at an attractive level to purchasers. Third, a large supply of loanable funds is now available at low interest rates.

OIL NEWS

Calmont No. 2 is doing approximately 800 barrels daily. Freehold No. 2 which is producing 125 to 150 barrels daily, may be deepened as it is thought that it is on top of the main producing gas zone.

The Model well on the west flank of Turner Valley has yielded a product of 62 degrees Beaume gravity the past week, and is being closely watched.

GENERAL HEROISM

Men and Women Displayed Remarkable Bravery and Unselfishness

Great crises produce great heroism and the incidents in connection with the recent railroad wreck at Vermilion River near Sudbury, compel admiration. When a tourist and day coach were derailed, sank slowly to the bottom of Vermilion River, only 4 lives were lost from two full coaches.

The instant the train stopped, passengers in the other cars, rushed to help those who were imprisoned. The heroism displayed can compare with any courageous act of our time.

The outstanding heroine was undoubtedly Mrs. Hayes of Horne Payne. She was travelling to Parry Sound with her three small children. Without waiting for outside help, or without losing her head for an instant, this brave mother broke through one of the windows, and with a child under each arm and an infant gripped firmly in her teeth, struggled to shore, a distance of 15 feet.

Many of the passengers had extremely narrow escapes. One man crawled out a window on the wrong side of the car and was unable to get to shore. He dared not enter the car again, he could not swim, and the cold water had so numbed his muscles he was unable to pull himself over the car. All he could do was to cling to the top of the car and was finally rescued in a weakened condition. He said that in another minute he would have had to let go.

As soon as the train stopped, passengers in the pullman cars pulled on what clothes they had and set to rescuing their less fortunate fellow passengers in the coaches ahead. Some of the men plunged into the river up to their necks and stood there for a half hour, in numbing cold, helping entrapped passengers out of broken windows.

The heroism of the men passengers roused the praise of those who owed their lives to their assistance. "Not a man lost his head," one aged lady said. "Even those in the car with us remained cool. They lived up nobly to the motto of 'women and children first,' for not a man tried to save himself until every woman and child in the cars was safely out."

UNEMPLOYMENT

Supremely Important Matter Discussed at Municipalities Meet in Edmonton

At the municipalities convention held in Edmonton last week, a solution of the unemployment problem was one of the matters seriously discussed. Ways and means of preventing unemployed from other provinces coming to Alberta was considered a most important phase.

Certain means not yet made public were considered. It was felt by all, that there must be adequate assurance in future relief measures, that relief be given only to bona-fide residents of the province.

The suggestion made in this regard, will be studied by the provincial officials, and will be submitted at the conference in Ottawa in August.

At this later conference the province will be represented and also the city municipalities. The large urban centres have all been carrying a heavy share of the relief work of the year, and both towns, cities and province, feel that a systematic method of dealing with the situation must be reached.

TRANSFER OF LAKE

Minnewanka May Be Removed from Park Boundaries to Provide Power Storage

Hon. Charles Stewart, as a result of discussion of Alberta problems in Calgary, is going to recommend that Lake Minnewanka be considered outside the Banff National Park, in order to permit development of this water power for storage purposes. The reasons for this are...to permit power development as cheaply as possible, and to provide employment in this part of Alberta.

The new Parks Act prohibits the granting of leases with a National Park, for commercial purposes, so the transfer of the Minnewanka site about ten miles by fifteen, must be accomplished outside the Act. It is this action that Mr. Stewart will recommend.

The growing electrification of the prairies makes the need of vast storage waters obvious. It is only a matter of time before more power will be sought, and by anticipating this, employment will be furnished to many men, at a time when it is greatly needed.

TO FIGHT CANCER

Minister of Health Studying a Means of Centralizing Treatment in Alberta

Alberta is another province to enter the lists in a specialized fight against the disease of cancer. Hon. George Hoadley is at present in New York in connection with this and other matters coming under his department.

The Rockefeller Foundation of New York, one of the foremost modern factors in the world-wide battle with disease, offers encouragement and assistance in the combatting of cancer.

It is to formulate plans for coping with this disease and to centralize some form of specialized treatment within the province, that Mr. Hoadley is in New York. He is also gathering complete data regarding the establishment of full time health units, probably at Red Deer and High River.

Although some of the other provinces have passed legislation in regard to the treatment of cancer, Alberta has not done so, until some definite goal is in sight. However, the department of health, has been following developments of the study and treatment, of this disease. This summer Dr. Orr of Alberta University is in Europe studying, particularly in Scandinavian countries, their advanced method of treatment. Some definite steps may be taken following Dr. Orr's study and Mr. Hoadley's visit to New York.

Broadcasting the R-100

When the R-100, Great Britain's huge new dirigible, arrives in the Dominion shortly, there will be no excuse for any Canadian being ignorant of her visit. The news will be broadcast throughout Canada by the Trans-Canada Broadcasting Company from coast to coast over the radio programme transmission system of the Canadian Pacific Railway Company's Telegraphs.

The arrangements will include a twenty-four hour service on the day of arrival and will be put out through stations in Quebec, Montreal, Toronto, London, Winnipeg, Regina, Saskatoon, Edmonton, Red Deer, Calgary, Vancouver, Fleming and Yorkton, Sask. Messages from the airship will be broadcast as she approaches the 75-mile radius and will include a description of the mooring one of the most interesting and exciting moments in the whole programme. This will be broadcast by T. D'Arcy Finn, managing editor of the "Ottawa Citizen" as chief announcer. The broadcast of the arrival will be supplemented during the two succeeding days by bulletin services and descriptions of special events. Lay-out shows the R-100 in flight, the kitchen of the air liner, and the St. Hubert mooring mast.

Shining-eyed and fresh for the hours that count

WHAT man is pleased at the sight of a tired-out wife... too borne down with household duties to try to dress, too weary to look her best for his home-coming?

The woman men adore are shining-eyed and fresh, eager for the hours that count.

More and more women today are finding a way to keep young, ten twenty, even thirty years longer than their mothers.

The great strides of engineering and electrical science have developed marvelous labor-saving devices to relieve women of drudgery. Modern medical science is outwitting middle age by revolutionary discoveries in diet and care of the body.

But it is advertising that has aroused women to a realization of what these new household helps can do. It is advertising that has brought a knowledge of beauty aids and their use. It is advertising that has created a desire for these products which aid women to lead healthier, happier longer lives.

Always read the advertisements. Keep up with the ever-onward sweep of progress. Do not let yourself be left behind.

Dominion Day, July 1, 1930

WE'RE a silent lot, we Canadians. God has given us the finest country in all the world, and half of us are afraid to talk about it. We listen while Germany sings "Deutschland über Alles," and France sings the "Marseillaise," and Ireland sings "The Wearing of the Green," and our neighbors on the south sing "The Star-Spangled Banner."

But when it comes to our turn, we stand up half-ashamed and, while the band strikes up the National Anthem or "O Canada," we leave the vocal part to the fellows on our right and left. It's not that we are ashamed of our country. Oh dear, no; Our only fault is that we are ashamed of our voice. We have been born in a land of mighty mountains and rolling prairies and have become a silent people.

In our heart of hearts we are, perhaps, more proud of our country than men of other nations. We realize that we have a country with natural resources that are the envy of every nation under the sun—a potential wealth that, if properly worked, could buy up half the bankrupt nations of Europe and still leave us enough to sit in with the rest of the Empire and the United States.

We know that we lead the world in wheat export, that we have the most extensive fisheries in the world, the largest gold mine in the world, the largest inland port in the world, the world's largest nickel and asbestos deposits, the largest ranches in the world and that with only about six hundred thousand persons employed in manufacture we turn out about four billion dollars worth of goods annually.

But it wouldn't be a bad idea if we forgot our politeness a little sometimes and started to Chorus things up a bit. A little reminder to the World as to who, what, and why we are, and what we'll be in a year or two, would do no harm.

So let's get together right now and set a note for the rest of mankind to hear.

P. B. DISCHER

JEWELLER
VULCAN ALBERTA

1932 GRAIN SHOW

All over the west, farm organizations have been urging their members to keep in mind, in the sowing of their grain, the World's Grain Exhibition at Regina in 1932. The following is a suggestion for preparedness this year, coming from L. H. Newman, Dominion cerealist:

"The intending exhibitor," says Mr. Newman, "might select the best stalks in the field, cover them with canvas to protect their color, let the grain ripen thoroughly, beat the sheaves lightly on to the canvas to procure the best matured grains and from the quantity thus secured clean thoroughly and weigh out the required number of pounds for the final exhibit."

Many farmers who produce No. 1 hard wheat, are this year making their plans to enter the Regina 1932 competition. A prize of \$2500 for a 50 lbs. sack of wheat is worth striving for, even if the kernels have to be hand picked.

ROUTING OF ROAD

Blackie and Brant People Feel Keenly Being Passed Up

Some discussion has taken place in Blackie and Brant regarding the routing of the Sunshine trail. According to the latest plan, both Blackie and Brant appear to be missed, for the apparent reason that Brant is four miles south of the correction line and Blackie two and a half miles.

Citizens of these towns point out the value of bus connections on the highways, and the fact that inter-town bus service would not be feasible for them if they were off the Sunshine trail. There is also the tourist traffic as a consideration.

They present a number of arguments indicating that they consider it an injustice to both towns to have the roads pass up both.

There is hope that when their side of the case is presented to Mr. McPherson he will be able to make some satisfactory adjustment.

ITEMS OF INTEREST

Regal Refining Co. will build a \$300,000 absorption plant, in Turner Valley.

Speaking of natural resources, there is going to be a wonderful crop of saskatoons this year.

Now we must all settle down quietly, to let our opinion on Dominion elections "jell."

Anxious lady searching for health: "What should I take if I am feeling run down?" The answer is, "take the license number."

The latest bulletin on Wild Life in Alberta, is that a one-armed driver has been captured on the Macleod trail and released after the customary \$15 brand was put on him.

A tender wave is sweeping over the prairie provinces. A Winnipeg judge has declared that babies have a perfect right to cry, even though they live in apartments, and Saskatchewan legislators have decreed that the over-worked housemaid must take one day off in seven. Now if Alberta will only fall into line with an eight-hour day for mother, it will be the dawn of a new era.

This week's sob story: "A prominent business man in town bought himself a pair of \$12 pants, intending to step out and make a hit some sunny day. Unfortunately, before they were even unwrapped, some tidy soul gathered them up and dumped them in the waste paper basket. From there by rapid stages they reached the incinerator. And the only excitement the poor man got from his \$12 pants, was the extremely loud odor of high quality tweed going up in smoke."

LEGION MEETING

More than sixty members of the High River and District Branch of the Canadian Legion, gathered at a general meeting held in Blackie, Friday evening. All parts of the district were well represented. Dr. Carson, president of the Vulcan Legion, accompanied by several Vulcan members, was present, and also Mayor Young of High River.

The early part of the meeting was devoted to business with Major Scott presiding, and secretary Wright reading the minutes.

Harry Richards, as delegate from the local branch, to the convention at Lethbridge, gave a comprehensive report of what transpired at that convention. Dr. Carson of Vulcan followed with a few remarks bearing on the value of gatherings of the Legion and especially the value of such conventions as that held at Lethbridge.

President Scott spoke of the increasing influence that veterans were gaining through organization. Many of the former grievances under which the veterans suffered, have been eliminated and very satisfactory concessions have been made, largely because the strength of the organization, is clearly recognized in Canada today. Each branch is a necessary factor in maintaining that strength, and by its gatherings keeps in touch with work of brother veterans and Canadian work.

Discussion followed regarding the consideration given under the Soldier Settlement scheme, and the reductions made through re-valuation of the settlement land. Appreciative comment was made on this legislation.

President Scott then introduced the subject of the proposed war memorial in High River. Although the idea was that the financial element of it should be carried entirely by civilians yet the High River Board of Trade had asked that the Legion appoint a committee to meet with other committees in consideration of the form which it might take. A number of speakers expressed themselves on the subject. The consensus of veteran opinion seemed to be, that it should be a permanent and dignified memorial to slain soldiers. Mayor Young pointed out that it was just this idea which civilians desired to carry out; something to perpetuate and honor the names of those who had made the great sacrifice. A representative committee was named to act in this connection.

After business was transacted, refreshments were served, following which a song led by Mr. Al. Collier, was enjoyed.

High Lights on the Evening
Al. Collier with his accompanist (without piano) supported by a few other choristers, stopped on the road on the way home and rendered "It is Springtime in the Rockies," much to the delight of the livestock pastured in the nearby fields. It was there we realized that our secretary also was the owner of a rich bass voice.

One High River member and a Vulcan comrade, who thought the meeting was dragging, climbed in a car and hit for Brant to bring back a couple of young ladies to the dance, but soon returned empty handed. The telephone manager at that point informed the gentlemen that the Brant ladies retire much too early.

Rev. Orton thought he was getting home too soon, so ran his car into the ditch and had to call for help from home.

When little Johnny Brown lost part of the vacuum tank to his car, he was not singing any of his Harry Lauder songs.

The goodnight party at the home of Mr. Stanley Harrow for Dr. Carson and Percy Discher of Vulcan and a few High Riverites, was much enjoyed until Al. Collier sang "Calling Me Home," which reminded the married men that they were merely allowed out for the evening and not all night, thus breaking up the party. While the party was in progress, we left the High River magistrate and the Blackie night policeman outside to keep the cars warm.

Dr. Carson and Messrs. P.B. Discher, Bob Simington, Bill Anderson, Frank Gustafson, Angus Sinclair, Oscar Simundson, Harry Hansen, Jim Kennedy and others, were present from Vulcan.

Sealed Tenders, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 15th August, 1930, for the conveyance of His Majesty's Mail, on a proposed Contract for a period not exceeding four years, twice per week on the route Milo Rural Route No. 1 (proposed), from the Postmaster's General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of Milo, Lake McGregor and Vulcan, and at the office of the District Superintendent of Postal Service.

J. B. CORLEY,
District Superintendent of Postal Service.
District Superintendent's Office, Calgary, 30-6-30.

NOTICE

In the Estate of Henry Willard, late of near Queenstown, in the Province of Alberta, Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named Henry Willard, who died on the 29th day of May, 1930, are required to file with Nettie Alice Willard, of Queenstown, Alberta, Sole Executrix of the said Estate, by the 1st day of September, 1930, a full statement, duly verified by a Statutory Declaration, of their claims and any securities held by them, and that after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

DATED this 24th day of June, A.D. 1930.

M. W. MacDONALD
Solicitor for the said Executrix,
July 3, 3-c Arrowwood, Alberta.

NOTICE OF SALE

Domestic Animals Act (Municipalities)
